1. Thy grace, O Holy Ghost, impart
This day to each expectant heart;
Descend in love on us to rest,
A temple build in every breast.

2. From every stain of sin set free
The people that believe in thee,
The darkness of their minds dispel,
That all be clean where thou dost dwell.

3. O Comforter, supreme in love,
Pour down thine unction from above,
Fill every soul with light divine,
And on our inmost spirits shine.

4. Our strength is weakness, reft of thee;
Therefore beseech we supplicantly,
Bend thou to every halting prayer
That it be worthy in thine ear.

5. Through thee may all our days be calm,
Lest fleshly scandal work us harm,
Thy holy gifts of peace abound,
Thy balm of life heal every wound.

6. Grant this, O Father ever One
With Christ thy Sole-begotten Son,
And Holy Ghost, whom all adore
Reigning and blest for evermore.
