

STELLA COELI EXTIRPAVIT! • *Alternate Version*

Stella cœli extirpavit!

S Tella cœ-li extirpavit, quæ lactavit Dóminum mor-
tis pestem, quam plantávit primus pa-rens hómi-num Ipsa
stella nunc digné-tur síde-ra compésce-re, quo-rum bella
plebem cædunt di-ræ mortis úlce-re. O pi-íssima stel-la
ma-ris, a peste succúrre nobis. Audi nos, Dómi-na, nam
Fí-li-us tu-us ni-hil negans te honó-rat. Salva nos, Je-su,
pro quibus Virgo Ma-ter te o- rat.

A brilliant new strategy of common melodies allow congregations to get through the entire liturgical year even if they know just a few excellent tunes: CCWATERSHED.ORG/HYMN
